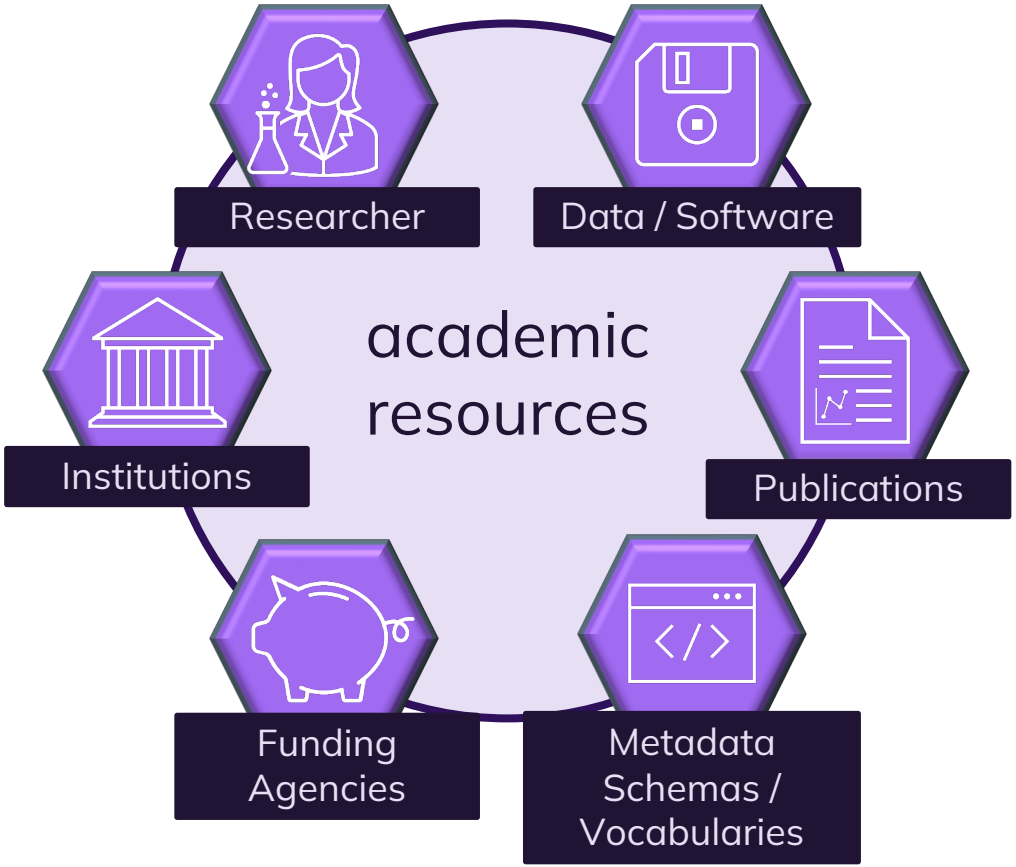
Ensuring Longevity of Web Resources

Persistent Identifiers (PIDs)

Fundamentals of Scientific Metadata: Why Context Matters

What are PIDs?



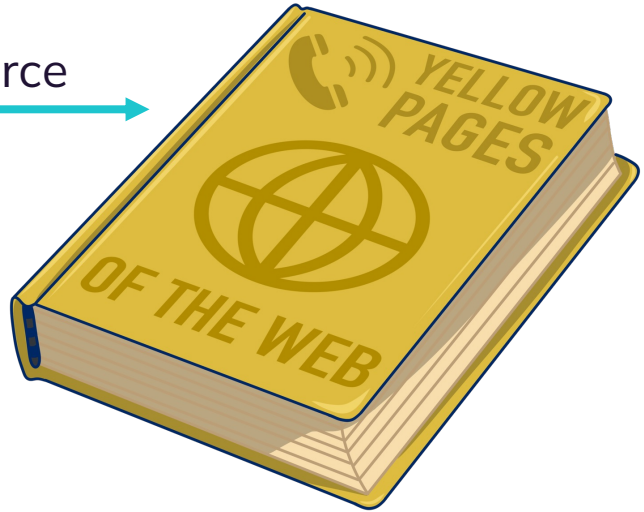
- **Persistent**, **unique** and **long-lasting references** to digital objects (web resources.
- include information on **location** and **protocol**
- ensure permanent **identifiability**, **referenciability** and **retrievability**

How do PIDs work?

PID

https://doi.org/10.1021/acs.jchemed.8b00206

identifies Resource



locates Resource

URL

https://pubs.acs.org/doi/10.1021/acs.jchemed.8b00206
